WALL & CEILING

GLASS TEXTILE DESIGN2WALL LATEX 260

matt 2523, 270 g/m^2

Glass textile wallpaper for high traffic areas

The Glass Textile design2wall Latex 260 matt is a high quality glass textile wallpaper, made from woven glass fibres, for printing with solvent, latex and UV inks and is characterised by an attractive structure, high colour brilliance and dimensional stability. This wallpaper optimally covers, reinforces and prevents further spread of existing cracks and protects against abrasion and knocks. This product is flame retardant and B-s1, d0 certified, which is particularly important for use in public spaces. Due to its scratch resistant surface, this wallpaper is suitable for long-term use in high traffic areas.

Technologies

Properties

Advantages

- Wide colour gamut and good colour rendition
- High opacity for good coverage of the underlying surface
- Extremely robust surface
- Scratch and knock resistant
- Reinforcing effect of damaged walls
- Tear resistant
