

# GLASS TEXTILE DESIGN2WALL HEALTHCLEAN 295

matt 2525, 295 g/m<sup>2</sup>

Glass textile wallpaper for applications with highest demands on durability and cleaning

The Glass Textile design2wall Healthclean 295 matt is a high quality glass textile wallpaper, made from woven glass fibres, for printing with dye sublimation inks and is characterized by an attractive structure, high colour brilliance and dimensional stability. This wallpaper optimally covers, reinforces and prevents further spread of existing cracks and protects against abrasion and knocks. It has antibacterial properties and is suitable for applications with the highest demands on the durability and cleaning of wallpaper, e.g. in the health sector or in heavily frequented areas such as hotel corridors. It is flame retardant and certified.

## Advantages

- Wide colour gamut and good colour rendition
- High opacity for good coverage of the underlying surface
- Ideal for cleaning
- Extremely robust surface
- Scratch and knock resistant
- Reinforcing effect of damaged walls
- Tear resistant
- Dimensionally stable, no wet or dry stretching
- PVC free
- Flame retardant and C-s1, d0 certified according to European Standard EN 13501-1

## Physical data

Name	Value	Norm
Weight [g/m <sup>2</sup> ]	295	ISO 536
Thickness (paper) [µm]	410	ISO 534
Opacity [%]	79	ISO 2471
Whiteness, CIE D65/2°	99	ISO 11476
Tear resistance MD [N]	1,000	ASTM D1004-90
Tear resistance CD [N]	1,200	ASTM D1004-90
Initiated tear MD [N]	20	DIN 53363
Initiated tear CD [N]	60	DIN 53363

## Properties

The values stated above are only for orientation. Before using our print media please check its compatibility for your printer and the intended application. We cannot be held responsible for any mistakes resulting from technical changes in the printing process and with printing components. Product design changes to our products technical developments may be carried out without prior notice.
