## PRODUCT DATA SHEET

Product no.: 4435-26 BE

 **berger**textiles

# be.tex® Revolution FR

KNITTED

Certified for  
HP Latex Inks

### PRODUCT FEATURES

Material: 100% polyester  
Weight: 180 g/m<sup>2</sup>  
Stretch: ca. 1-3%  
Whitepoint: 91\*3\*-11 L\*a\*b

### WIDTHS (cm)

ca. 160  
ca. 260  
ca. 320

### LENGTHS (m)

ca. 100  
ca. 100  
ca. 100

### APPLICATIONS

Display frame systems

Pop Up display systems

Table cloth

Banners

### FEATURES

100% Recyclable

Very soft

No fraying

Crease free

### DESCRIPTION

The next generation of display fabric, be.tex® Revolution FR, features one side matt and the other side semi-gloss. Absolutely crease free, and at 180gr/m<sup>2</sup>, it's lighter than the standard display materials but still more opaque.

When sewing in the running direction, strips or lines can appear parallel to the seam at a distance of up to approx. 2 cm. A thin needle and a longer stitch can avoid this. Technical textiles are naturally affected by weather conditions. This product can be used outdoor for a short term. When handled carefully this fabric can even be folded after printing.

### NOTES

The numbers above are purely guidelines and may differ depending on your personal printing needs and expectations. Since the printing results depend on numerous factors, we strongly advise to test your output in order to find out if any adjustments are necessary. A legally binding assurance of certain properties of the fabric can not be derived from the information above.
