### DESCRIPTION

be.tex® Samba FR is a topseller and market standard for light boxes where it's characteristics allow for perfect backlighting and color-intensive prints. Absolutely crease free, therefore perfect for folded shipping, sun umbrellas, tents, blow-ups, beanbags, lightboxes, aluframes, etc.

be.tex® Samba FR, even unlit and unprinted, is an absolute allrounder. Uncoated side features a Lotus-effect. Water column coated side > 900 mm, uncoated side > 650 mm.

### NOTES

The numbers above are purely guidelines and may differ depending on your personal printing needs and expectations. Since the printing results depend on numerous factors, we strongly advise to test your output in order to find out if any adjustments are necessary. A legally binding assurance of certain properties of the fabric can not be derived from the information above.
